

# AMERICAN COUNCIL ON EDUCATION (ACE) COLLEGE CREDIT

The electrical training ALLIANCE courses have been evaluated by the American Council on Education (ACE) for the establishment of recommended college credit for each year of the apprenticeship program. When you register your apprenticeship training with ACE, through the electrical training ALLIANCE, you are eligible to receive a transcript which you can take to a college/university of your choice to receive college credit. The availability and amount of credit will be dependent on the college/university you apply to, and the type of degree you are seeking. Below are the steps to help you establish a digital record and access your credentials and send an official transcript.

The JATC/AJATC Chairman and Secretary must sign this form in order to process the request.

## **Step 1:** Submitting Your Application

Submit your College Credit Application and \$45.00 processing fee made payable to the electrical training ALLIANCE. Payment can be made with a personal check, JATC check, money order, or cashier's check. Please remember to include an email address on the form. Once your application is processed an email will be sent from the new Acclaim platform. Once you receive the email, you can then go to step 2.

## **Step 2:** Create an Account on Acclaim

Once your application has been approved and processed by the electrical training ALLIANCE, you will then receive an email from Acclaim to create an account and accept the Terms of Service. Acclaim assigns digital badges, when you accept the badge, you will have the option to set it as public or private. Only public badges will be shown on your transcript.

## **Step 3:** Sending Official Transcripts

In your account menu in Acclaim, you can select the option to Send Transcript. Fill out the forms carefully—remember you are sending an official academic document. You will need a receiving email address for electronic delivery of the transcript. Before sending the transcript, click “View transcript” to download a copy for yourself so that you can check that all of your courses display correctly. Do not send this copy to schools yourself—colleges and universities will not accept transcripts that come from students.

## **RESOURCES**

The [Acclaim Help Center](#) has many guides for how to use your digital credentials, but if you can't find the answers to a technical question, you can submit a [help request](#). The ACE [Student Resource Center](#) can also help if you are having trouble communicating with an institution or if they have questions about the transcript you sent. You can email the resource center at [credit@acenet.edu](mailto:credit@acenet.edu).

It is important to note that having ACE-recommended credits does not guarantee that the credits will be accepted by a college or applied towards a degree. Some colleges may not grant credit for prior learning or may accept them only as elective credits.

TODD STAFFORD, EXECUTIVE DIRECTOR

## ACE COLLEGE CREDIT APPLICATION

To earn college credit, simply complete this form. You must enter *each year* of apprenticeship for which you are applying. You may apply after successfully completing each year, or wait until you have completed your apprenticeship. Mail the completed form to the *electrical training ALLIANCE* along with a check for any applicable fees (payable to *electrical training ALLIANCE*). There is a **one-time** registration fee of \$45.00 per student. The JATC/AJATC Chairman and Secretary **MUST** certify by signing the form to validate the application.

**STUDENT COMPLETES THIS SECTION:** *Please print clearly and complete all information.*

<b>0028</b>	<b>Inside Fifth Year Core Curriculum</b>	(8/2012 - 7/2020)	0076	NJATC Intrusion Detection 1	(8/2017 - 7/2020)
<p style="color: red; border: 2px solid red; padding: 5px;">For the courses above, please note the Phoenix Electrical JATC is a 4 "calendar-year" program that covers all 5 years of the Core Curriculum. When submitting an application for an ACE transcript, place completion dates at intervals that achieve that timeline for program completion. A good example would be to start at your graduation date, and work backwards in 9-month intervals from that time. (e.g.. 9/2020 graduation = <b>0024 9/2017, 0025 6/2018, 0026 3/2019, 0027 12/2019, 0028 9/2020</b>).
